Public Advisory

Subject: Safety Advisory for Caymanians in the UK

Dear Fellow Caymanians,

In consideration of the recent riots occurring across the United Kingdom, we wish to inform all Caymanians resident or visiting the UK to remain vigilant and take all necessary precautions to ensure their safety.

Please bear in mind the following guidance:

1. **Stay informed:** Staying up to speed with the latest news and developments regarding the riots is essential. We advise use of official, reliable news sources such as major news networks (especially the BBC) and local authorities.
2. **Avoid Riot Areas:** Ensure avoidance of known or suspected riot locations to minimize risk of confrontation, contact, or disturbance. This includes travel routes that may pass through riot areas. Be sure to adjust travel, work, and other plans accordingly.
3. **Safety Measures:** In the event that you are in or near a riot, move away from the area as calmly and quickly as possible. In whatever ways possible, avoid drawing attention to yourself. It is not advisable to engage with rioters in any capacity or circumstances.
4. **Emergency Contacts:** Ensure that you have emergency contact numbers readily available. Dial (999) for general emergency services including police, medical, and fire services. If in danger, please contact the authorities immediately.
5. **Community Support:** Stay connected with fellow Caymanians in the UK and offer support to one another. Sharing information with family and community both in the UK and Cayman is beneficial.

Rest assured we are closely monitoring the situation and will provide updates as necessary. Should you require assistance, do not hesitate to reach out to the Cayman Islands Government Office in the UK via +44 020 7491 7772.

We appreciate your attention and wish you continued safety.

Yours truly,

Cayman Islands Government Office UK
